

Isolation/Quarantine Procedure Effective August 19, 2021

- I. If a student or staff member is COVID-19 positive they are to isolate for 10 days **REGARDLESS** of vaccination status.

- II. If exposure to COVID-19 occurs:
 - A. Quarantine is **not necessary** regardless of vaccination status if **ALL** of the following measures have been in place:
 1. Student/Staff member was masked
 2. At least 3 feet of physical distance was in place
 3. COVID-19 prevention protocols were in place

 - B. Quarantine is **not necessary** if a student/staff member has been exposed **AND**:
 1. A student/staff member can prove they were vaccinated (providing vaccination status is strictly voluntary)
OR
 2. Regardless of mask status, physical distancing of 6 feet or more has been in place

- III. If a student or staff member is required to quarantine as a result of exposure to COVID-19:
 - A. The quarantine will last for at least 14 days since the date of last exposure
 - B. The quarantined individual should have a negative viral (PCR or antigen) test collected **ON OR AFTER** the fifth day following the last date of exposure- Binax NOW COVID-19 rapid home antigen tests are available in each school medical office. Please contact the building office for further information.
 - C. The quarantined individual should watch for any signs or symptoms of COVID-19 for 14 days. If any signs or symptoms of COVID-19 are observed the individual should consider consulting their physician

****During the period of quarantine, the exposed individual is advised to stay home and away from others as much as possible.***

School Clinic Guidelines Effective August 19, 2021

If a student presents to the school clinic with a symptom that could indicate a possible COVID-19 infection, the following will take place:

- A. The student will be given a mask to wear while being evaluated if one is not already in place
- B. If it is determined that the student does have a symptom(s) consistent with COVID-19 infections, a parent/guardian will be contacted and the student *must be picked up within 60 minutes*. While waiting, all COVID-19 safety protocols will be observed
- C. Students will need to quarantine for 10 days **UNLESS** they:
 1. Receive a COVID-19 test with a negative result and provide a copy of the result to the school clinic
OR
 2. Are cleared by a physician
- D. All parents/guardians of students sent home from school clinics will be offered a Binax NOW COVID-19 rapid home antigen test. Students tested with these test can return the day after producing a negative result **AS LONG AS**:
 1. They have been fever free for 24 hours *without the use of fever reducing medications*
 2. The student has not had any instances of vomiting or diarrhea for at least 24 hours
 3. Any other symptom presented has resolved or significantly improved
