

If you are enrolled in Cuyahoga Falls City Schools, and wish to attend school virtually, please complete and submit a virtual learning option application. Virtual instruction will be contracted through the Educational Service Center of the Western Reserve. One application must be submitted for each student who requests a virtual transfer.

- Requests to be assigned to the virtual learning option will be considered provided that:
 - The number of students already assigned to the appropriate grade level and program has not violated class size limitations.
 - The student's final grades reported for the 2020-2021 school year were representative of age appropriate achievement.
 - The student was not classified habitually truant during the 2020-2021 school year according to the State's HB410 attendance guidelines.
- To prevent any disruption of a student's education and to maintain continuity, students accepted for the purpose of school choice will remain in the new enrollment option for the entire semester for which they were approved. Exceptions to this may be considered with the approval of the Superintendent. Please understand that if a change in enrollment is approved, you will be liable for the expense of dropped courses.
- Student specific services will be considered prior to a determination being made.
- Honors and College Credit Plus courses will not be available.
- Elementary students can expect daily check-ins, but not for each class. There will be approximately one hour of interaction each day. Additionally, morning and/or afternoon office hours will be set.
- Students in grades 6-12 can expect interaction two to three times per week. Tutors will be available and morning and afternoon office hours will be set.

Once your application has been reviewed, you will be contacted by email with a determination and further instructions.

Please complete your virtual learning option application:
